

Environmental Policy Statement

Landmark Products recognizes the importance and its obligations for conducting its business activities in a manner that sustains and protects the Earth's environment. The company supports and is committed to sound environmental principals in order to minimize the impact of its operations on the environment.

We will achieve this by

- “ Complying with Environmental Legislation and other applicable laws, regulations, statutory obligations and codes of practice.
- “ Implementing and continually developing an Environmental Management System based on the continual improvement model outlined in AS/NZS 14001.
- “ Conserving resources and applying waste minimization principles and measures to prevent pollution in its design, manufacturing and installation activities.
- “ Undertaking regular audits of environmental practices and management systems.
- “ Providing effective systems and resources to maintain the Environmental Management System.
- “ Promoting an environmentally responsible culture for all employees, suppliers and contractors engaged in the company's activities
