

ENVIRONMENTAL BEST PRACTICE POLICY

Furphy Infrastructure Group, which includes Furphy Foundry Sales Pty Ltd, Landmark Products Pty Ltd, Civic Infrastructure Services Pty Ltd & Assent Pty Ltd (The Group) is diligent in recognising our ongoing commitment to the protection and preservation of our environment. We are fully committed to maintaining a high standard of environmental care and contributing to a sustainable future while conducting our business activities.

Our environmental performance is supported by our commitment in implementing and maintaining sound environment management practices by:

- Assessing and pursuing the minimisation of environmental impacts associated within the activities that we perform
- Introducing programs that limits pollution and minimises waste to our environment by focusing on the use of sustainable or recycled products where possible
- Providing a safe working environment by reducing risks from environmental hazards in the vicinity of our operations
- Include environmental considerations in all investment decisions
- Continually striving to improve our employees, contractors and visitors training and awareness to the importance of environmental performance
- Comply with all local, state and federal laws and regulations on:
 - disposing of hazardous waste (including EPA's list of prescribed industrial waste), trade waste (i.e. waste added to the sewer) and wastewater
 - safe handling, storage and transport of hazardous waste and dangerous goods
 - noise
 - land use
 - air pollution and carbon emissions

The Group welcomes participation and consultation with clients, employees, contractors and any other interested stakeholders in developing new and innovative ways of protecting, preserving and enhancing the environment.

Our Environment Policy provides a framework for establishing and reviewing our Environmental Objectives.

Sam Furphy
(Managing Director)
